March 2022

BCS Staff, Students, and Families,

RE: Masking mandates as of March 11, 2022, 11:59 PM

According to OHA and ODE, face coverings are no longer required in schools across the state of Oregon. At Baker Charter Schools we are going to be following protocol with the recommendation to remove masks in our student centers. At the centers we will have face coverings available for any staff, student, family member, or guest. As a staff we will continue to work with our students and use 3ft spacing as much as possible. Advisory teachers will be asked to meet with students and families in BCS centers and/or public spaces.

If you have any questions or concerns please feel free to contact me.

Roland Hobson
